

St Mary's Treatment Centre

Self pay treatments

Just what you need to get back on your feet

Private treatment that won't break the bank.

Self pay from Care UK is all about providing you flexible options and giving you choice.

If you want to pay for your own treatment, don't have private medical insurance or if you have been told you are not eligible for NHS surgery, we offer an alternative way of quickly accessing excellent care that might cost less than you think.

With prices up to **30% less than other private hospitals**, high-quality **consultant-delivered care** and a **0% finance option**, our self pay packages are just what you need to get back on your feet.

Benefits of choosing self pay at St Mary's Treatment Centre:

✓ 0% finance option

✓ No deposit required

✓ Transparent prices

✓ No hidden costs

✓ Consultant-led care

✓ CQC rated 'Good'

To learn more about paying for yourself, contact our Private Patient Sales Advisors at selfpay@careuk.com

Dianne is back creating dreams after hip pain

Dianne, who has dedicated her professional life to ensuring brides feel at their most beautiful on their big day, is back conducting ceremonies after she could not get her operation approved by the NHS.

"I was rejected for hip surgery because of my weight, even though I weighed the same as when I had my left hip and my right knee replaced.

I first went there as an NHS patient because of the short waiting list and I would recommend that anyone who needs treatment should look at the centre."

Dianne Fox

Back to the golf course, thanks to self pay surgery

For almost 18 months, Peter had been suffering from pain caused by a hernia. His GP's request for NHS funding was rejected twice and it seemed as if he would face a future with limited activities and increasing pain.

"My wife had knee surgery as an NHS patient at Care UK and we had been delighted with it. When we found out the centre was offering self pay surgery it was the natural choice.

The consultant was excellent. I am looking forward to joining my friends back on the golf course and would recommend the centre to anyone!"

Peter Brewin

Self pay **finance options**

Paying for yourself at St Mary's Treatment Centre might be more affordable than you think with our finance options.

Through our partner, Chrysalis Medical Finance, we offer approved patients a range of funding options (subject to status) to pay for one-off private treatments.

This means you can spread the cost of your treatment using our interest free and low APR finance solutions, which can be arranged in advance.

Finance is available over 36, 48, and 60 months at 9.9% APR, all with the option to settle **interest free** within the first 12 months, if you choose.

To find out more about applying for a loan with Chrysalis Medical Finance, please contact our Private Patient Sales Advisors on **0330 058 1807** who can explain the options further.

Monthly repayment examples at representative 9.9% APR

Loan amount	Spread over	Repayments
£2500	36 months	£80.08
£3500	36 months	£112.12
£5000	48 months	£125.62
£6000	48 months	£150.74
£7950	48 months	£199.73
£9000	60 months	£189.02
£10,000	60 months	£210.02

Monthly payments are collected by Direct Debit and are subject to the usual guarantee from your bank.

St Mary's Treatment Centre is a trading name of Care UK Clinical Services Limited, an Appointed Representative of Chrysalis Medical Finance Ltd which is authorised by the Financial Conduct Authority to carry out the regulated activity of credit broking. Funding options are subject to status.

Frequently Asked Questions

1. I've already been consulted on the NHS, but have been told I have to wait for treatment – can I still pay for myself?

We know that being treated sooner can have a huge impact on your quality of life, so if you would like to explore the option of paying for yourself please speak to our Private Patient Sales Advisors on [0330 058 1807](tel:03300581807) or selfpay@careuk.com. Changing your path from the NHS to self pay is simple, and you may even see the same consultant, as all of our doctors also treat NHS patients.

2. How and when do I pay?

You can pay by debit card, credit card, cheque, or bank transfer (BACS). Payment is required before your surgery date. Alternatively, you can pay monthly via a credit agreement with our finance partner, Chrysalis Medical Finance. Find out more about our finance options at careukselfpay.co.uk/stmarys.

3. Do I need a GP referral?

Yes, you need to ask your GP for an 'open referral'. We can also accept open referrals from other healthcare professionals, such as physiotherapists, optometrists or dentists. Please contact our Private Patient Sales Advisors on [0330 058 1807](tel:03300581807) for more information.

4. How quickly can I be treated?

We pride ourselves on our short waiting times, so your access to treatment could be significantly quicker with us. Please contact our Private Patient Sales Advisors on [0330 058 1807](tel:03300581807) or selfpay@careuk.com for further information on access times.

5. Can I choose my consultant?

In order to keep our waiting times low and provide the best possible service to all of our patients, we do not give you the option to choose your consultant.

6. What if I have a problem after my surgery?

You may have a check-up appointment and/or physiotherapy depending on the type of surgery you've had. We'll make sure that you're looked after for as long as you need our care.

7. Can I still have my surgery at St Mary's Treatment Centre if I have a health condition?

Depending on what your health condition is, we can provide selected treatments as long as your condition is well managed and stable upon admission to the hospital. This includes angina, asthma, atrial fibrillation, diabetes, high blood pressure, Parkinson's disease and dementia.

All patients need to meet our safe criteria for treatment at St Mary's Treatment Centre:

- The patient must be aged 18 years or over
- The patient must not be pregnant or require an overnight stay
- The patient must not have a pacemaker, unstable insulin-dependent diabetes or central sleep apnoea
- The patient must not have decompensated Chronic Heart Failure (CHF), COPD requiring home oxygen or cardiomyopathy with an ejection fraction of <30%
- The patient has not had a Myocardial Infarction (MI) within last 3 months.

Preparing for surgery and after-care

Your care is our number one priority.

With our consultant-delivered service, we do our best to ensure that the doctors you meet at your outpatient appointment will also carry out your surgery and your follow-up appointments.

Getting prepared for surgery

One of the benefits of being treated at our hospital is our 'one-stop-service' for your outpatient appointment. We aim to complete any pre-treatment tests then and there, to save you making multiple trips, and our anaesthetists and physiotherapists will do their best to assess you at the same time.

Your outpatient appointment is also an opportunity for you to meet the consultant who will perform your treatment. Feel free to ask any questions you wish – you may even want to write these down ahead of your appointment. They will explain any special preparations you may need to make before your treatment.

On the day of your treatment, wear something light and comfortable, so you're as relaxed as possible.

If you'll be staying with us, you may want to bring personal toiletries, nightclothes, comfortable footwear, something to read, and any medication you routinely take.

After-care following your surgery

When you leave the centre after you have had your treatment, you'll be given full details of your follow up care. We will inform your GP that you've been discharged from the treatment centre and we will telephone you – usually a couple of days after your treatment – to check that you are recovering well.

It's crucial to rest and take care of yourself after your treatment.

Preparing for surgery **to do list**

Coming to hospital for surgery means a lot to think about, including being prepared.

Following instructions and bringing with you all that you need from home not only makes your hospital visit more successful and comfortable, it can also help to avoid unnecessary cancellations of treatment.

Use the checklist below to help you prepare for your surgery:

- Read all the pre-operative instructions provided
- Arrange travel to and from the hospital
- Tell your family and friends our visiting hours
- Pack a bag of essentials to bring with you if you are staying overnight
- Take a shower or bath before you arrive, and remove piercings, makeup and nail polish
- Let the hospital know of any issues as soon as possible

For more information call us on **0330 058 1807**
or email selfpay@careuk.com

Patient and visitor information

- We have free Wi-Fi access for all patients and visitors.
- All areas of our treatment centre are accessible to wheelchair users. Portable hearing loops are available at the main reception desk and can be carried around the treatment centre as required.
- Our patient information is available in a range of languages, large print and Braille on request from the main reception desk. We also have an interpretation service available to support you if English is not your preferred language.
- There are vending machines in the waiting areas for visitors who would like refreshments.
- We have pay-as-you-go on-site car parking for patients and visitors. The first 15 minutes of parking is free of charge for dropping off and collecting patients.

Please visit our website for more information regarding parking availability and charges.

Please let a member of our booking team know prior to your appointment if you have any special requirements.
